

Buy Safeclip for your Crocs!

Crocs shoes are not permitted at many workplaces where there is sensitive electronic equipment. Thus, many people are forced to leave their favourite shoes at home.

With Safeclip, Crocs can be safely used in your workplace.

Safeclip

Works as a conductor when you stand or walk.

Protects sensitive electronic instruments.

Reduces risk for unpleasant static shocks.

You do not feel the Safeclip.

Is attached without need for tools.

Is ESD approved according to IEC 61340-4-3.
